## HOUSE CONCURRENT RESOLUTION 115

---

A CONCURRENT RESOLUTION urging the legislative council to direct the environmental quality service council to study the air quality and benefits to air quality associated with alternative fuels and alternative fueled vehicles as they relate to the reduction of mobile source emissions.

*Whereas, The necessity for clean air in all areas of Indiana is of utmost concern;*

*Whereas, It would be beneficial to Indiana and its citizens to determine the cost/benefits of alternative fuel and alternative fueled vehicles as they relate to the reduction of mobile source emissions and a possible lowering of the clean air requirements in nonattainment areas; and*

*Whereas, If the costs are considered to be impractical, the study should determine whether it would be beneficial to review the needs for incentives to promote the development of infrastructure and to offset the incremental cost of an alternative fuel vehicle: Therefore,*

*Be it resolved by the House of Representatives  
of the General Assembly of the State of Indiana,  
the Senate concurring:*

- 1 SECTION 1. That the legislative council is urged to direct the
- 2 Environmental Quality Service Council to study the air quality and
- 3 benefits to air quality associated with alternative fuels and alternative
- 4 fueled vehicles as they relate to the reduction of mobile source
- 5 emissions.

1           SECTION 2. That the study, if undertaken, shall be under the  
2           direction of the legislative council and that a final report shall be issued  
3           as directed by the legislative council.
